## EVENT SPONSOR RATES 2020

Following up our 2019 success, we are updating our name for a broader, more inclusive approach, as we continue to grow our active Cannabis community for everyone's benefit!

We are consciously redefining what 'Cannabis / Hemp' means to the general public and the world in general with this April's festivities. *We will activate Amsterdam for an entire month* with events, community meet-ups, workshops, talks & more.

**420 HempFest** will combine a huge hemp market, live music, interactive cultural workshops, give-aways, a bustling community network & more. The event is free to the public to celebrate cannabis together with us.

This once-in-a-lifetime, 'month-long 420' will culminate with an exclusive **420 HempFest** on 19 April 2020 from 12-18:00 at RADION in Amsterdam.

A diverse offering of Hemp related businesses selling their wares and strutting their stuff will be available at the event. We will showcase Hemp within 10 themes : *Health, Science, Food, Beauty, Wearables, Nature, Useable, Creation, Entertainment & Community*.
